Name : **Whitney Reid**  
Location : Waikato  
Nationality : NZ European  
Drivers Licence : Full / Open

**Abstract :**

I am a recent graduate from the University of Waikato, with a **Bachelor of Computer Graphic Design.**

I am passionate about forming strong and often complex concepts to work from. My style is unique and flexible. I really enjoy graphics that are mysterious and a little crepuscular. My style ranges from detailed and layered, to simple and clean and can adapt to fit any project that comes my way.

I am currently working part time as sole Graphic Designer for DL Consulting in Hamilton and doing freelance work alongside this. I am now seeking fulltime Graphic Design work.
